BRIEF ABSTRACT OF LETTER

Shows necessity for a Dispensary building at Nanjangude and requests that, regard being had to the low finance of the Municipal Board the Govt may waive the Boards' share of the Cost

NOTES AND ORDERS

The Dispensary building with accommodation for in-patients is estimated to cost Rs 6500/- which under the standing orders has to be apportioned between the Govt, Municipal and

State Funds equally. The Municipal Board, while recognising the necessity for a new building, pleads inability to pay its share of the cost and suggests approaching the Government for a loan. The President however, considers that the Board's finances do not admit of prepayment a loan, ~~being raised~~ and accordingly that its quota may be waived. He says that if orders are passed on this, he will take steps as regard to the S & I quota.

Submitted for orders the financial Condition of the Nanyangude Municipal Board is as follows —

Subject

Contribution from the funds of the Sri Srikanteswaraswami temple at Nanjangud towards the construction of a Dispensary at Nanjangud

From

The Secretary to Govt, Genl and Revenue Departts

Docket No 5565/Munl 216-04 dated 31st December 1904

In connection with the construction of a new Dispensary at Nanjangud, the Deputy Commissioner of the Mysore District requested the Govt in the Genl and Rev Departts in his letter No 276, dated 7th October 1904, that the 1/3rd contribution of the total estimated cost of Rs 6,500 required to be paid by the Municipality, might be waived by Govt as it was not possible for the Municipality to bear the cost Thereupon the Dewan has been -- pleased to record his remarks as follows on page 3 of the office Note of the General and the Revenue Secretariat -

"Why not ask the temple to make a contribution

"The one-third required may be made up between the Municipality and the temple"

The Deputy Commissioner was accordingly requested by the General and the Revenue Secretariat on the subject, and he has replied in the affirmative

The Dewan's remarks together with the File having been received in this office, I beg to state that the Nanjangud temple although a richly endowed one, has very little savings Almost the whole of the annual Jasdik of Rs 20,000 is spent on the --- services

services, Establishments &c, in the temple, and only about Rs 120 are left as savings in each year The receipts from Kanikes , karpurarathi &c have amounted to a sum of Rs 9,000 but out of this sum, urgent repairs have been sanctioned for nearly Rs 1000 and owing to the rise in the price of provisions, about Rs.1,300 were recently sanctioned on account of the excess expenditure on feed -ing in the Sivakoota On a recent reference from the Deputy Com -missioner pointing out that the Budget provision of the siva- koota has been very nearly exhausted, Govt have requested him to continue feeding in the Sivakoota under any circumstances, and to submit bills of expenditure for their special sanction Such -- bills for the 7 months ffom December to June next will go up to over Rs 2,000 at the rate of Rs 300 a month, and this will have to be paid from the savings above pointed out There are a good many more works of improvement to be done in connection with the Nanjangud temple for which the whole of the savings now on hand will be required, and I very respectfully submit therefore that the temple cannot spare any furds towards the cost of the Dispen- sary building proposed

The temple at Nanjangude can well afford to pay the contribution required of it for the construction of a dispensary The importance of the town is due to the existence of the temple and the large number of pilegrums that resort it throughout the year. Sir,

I have the honor to state that the local fund dispensary at Nanjangud is at present located in a rented building, to which no out-patient-wards are attached. The Municipal Board at a meeting held on the 30th April 24 resolved that a new building might be constructed for the purpose, but taken a question as to the source from which it can pay one-third

of the estimated cost of the building
viz Rs 6500/ was placed before it
on the 30th July 1904 it resolved to
approach the Government for a
loan But from a perusal of the
budget it may be observed that
the income of the Board is Rs 7,695
and the fixed expenditure is Rs 6315 and
I think that it is not possible
for it to repay the loan If the
Government be pleased to waive
the Contribution amount payable
by the Municipality - for the dis-
pensary buildings just as they ha
done in the case of Mudagere

4

Municipality (vide Government order
No 2489-90/71 of the 10th March 1904) I
shall then ask the District Board to
pay its quota of cost towards the
construction of building. The vernacular
papers on the subject accompany.
